359. UPDATE ON CAROLS ON THE GREEN EVENT PLANNING

- i. Members received a verbal report from The Chair.
All arrangements are in place with a final rehearsal planned on Thursday evening. The script will also be finalised later this week.

The Chair also shared with members that John Trickey (Deal, Walmer & Kingsdown Regatta) had asked the clerk if the Deal Carnival Court could attend the Carols event.

After discussing this request the following proposal was made.

Members would like to thank Deal Regatta for their very kind offer. As the Carols on the Green is planned to be "carols by torchlight" and the Deal Christmas Carnival Parade has already taken place this year, the members would like to decline the offer of the float /Santa but would welcome any member of the Carnival Court to attend.

- To use the Applause logo and strapline on all printed publicity/websites "this is made possible by Applause Rural Touring".
- To credit Applause Rural Touring in any other publicity.
- To allow for the Company to display Applause publicity material near the performance.

Members agreed these conditions are reasonable. The officer was actioned to a) clarify publicity material which may be displayed at the festival and b) to ensure that the publicity arrangements stated above are reciprocal.

CAROLS ON THE GREEN 2023: FEEDBACK AND REVIEW

Summary Stats:

7 survey forms issued

5 responses received

1. Please list below feedback you received from members of the public who attended the event:

Positive, appreciative of choice of paper or QR code songsheets; interested in musicians group (So I wish I'd known name of White Cliffs Wind symphonic orchestra beforehand).

It was too long it went way over the hour, it was too cold to stay I just wanted to sing I didn't want to hear all the lectures. There were too many carols and why did we sing all the verses?

The first soloist was not my thing- I didn't like it. Why was it so religious!

I would have liked to see the choir and the orchestra My grandson loved seeing the princesses and father Xmas There could have been stalls selling other food.

I didn't seek feedback on the event at the time.

Very good from all but one.

Enjoyed performances by the children. Medley of carols would be better at the end. More options for hot food and drink. Interest shown in who the band were. Very cold for the musicians (from a spectator who knew band members).

2. Please list below feedback you received from participants & performers at the event:

Positive; I was very happy to be involved and to help out.

None- I wasn't in a role to do that.

I did give Peter positive praise for his son's performance & he seemed to be doing well serving hot drinks.

I didn't speak to any of the participants etc

School children absolutely loved it especially being centre stage also commented on how well Seth Cooper and Band performed several comments of thanks to Walmer Town Council for organising event.

N/A

3. What aspects of the event did you most like?

Singing familiar carols ; and Jake St Ange's initiative to make Christmas a tad more international, Stille Nacht, heilige nacht. Humble prayer showing understanding from Warden house children.

It was free, dry and great to see a large gathering coming together to sing. I loved Peter's son's performance

The Orchestra were very good. The school children sung well.

Peter's son was very good and energy levels went up with his performance.

All

Atmosphere was good and everyone seemed to be enjoying the experience. Useful to have some tables for those who needed to sit down. Music, Pete's son and choir were good. Sound quality and use of app as alternative to paper copies.

4. What aspects of the event did you think could be improved?

Rev Seth a tad too high church for my taste. Dron-ey carol by solo-ist at start, less engaging for families IMHO.

Raise the platform so people can see. Shorten the carols.

Keep to an hour- the crowd thinned out considerably before the end.

It felt more like a church organised and religious service- this is not what everyone expects or wants.

It went on for too long - a lot of people started leaving before the end. Too many verses to most of the carols.

The script was not necessary as it should have been a carol singing event.

There should have been a stage or use of bandstand as Orchestra and kids couldn't be seen - appreciate that there are technical problems.

Consideration should be given to having a group (could be quite small) who set the pace for the Carols.

Didn't hear many people actually singing.

Big screen with words to the carols

More room for school pupils.

The event was too long - most people left when the children had finished performing. Unless you were at the front or on the bank you could not see anything. Long queue throughout for refreshments. Some people did not manage to have carols due to phone issues. Needed a programme to be able to follow. Did not need all the verses in the longer carols. Another coffee/refreshment option?

5. What would you like to see for a future Walmer Town Council Christmas event?

Same musicians; a primary school choir (Warden House or from Walmer ?), same length of session; dry weather!; inclusion of acknowledgement that Walmer & UK is an ecumenical / multi-faith society and Christmas is season of peace & goodwill to all mankind.

Group singing is good for the soul, but not a religious service, I would go to church if I wanted that. After hearing some Deal Town councillors sing at the Charter day ceremony at St George's- why don't we encourage them to get on stage and help lead the singing- or get them in the audience? Try to get Walmer pupils- was this a repeat of the service at St Mary's?

Will pass to events committee.

Same as was well attended.

Although this was branded as WTC it was a repeat of a performance at St Mary's and should have been advertised as such. I would probably have preferred something more lighthearted with a mixture of festive songs and popular carols. Perhaps a variety of performers, more marquee space to accommodate the singers and musicians. Maybe linking with St Saviours to have a more Church option for those who want it. Alternatively, having a large, enclosed marquee with a couple of areas for performers plus seating, crafts, refreshments, patio heaters, grotto, activities for children etc. (Toilets).

6. Please share any other feedback or points for consideration at a future Events Committee meeting.

Same musicians; a primary school choir (Warden House or from Walmer?), same length of session; dry weather! Inclusion of acknowledgement that Walmer & UK is an ecumenical / multi-faith society and Christmas is season of peace & goodwill to all mankind.

How much involvement did the Events committee have in planning the specifics? Look forward to discussing it at the next meeting.

Will pass to events committee.

Not much need for paper copies.

Those who attend events are generally very positive about them and want them to continue or for there to be more. Would it be possible to combine the efforts of Deal and Walmer churches to put on Christmas events which would appeal to a broad range of people, of all faiths and none? WTC could support/coordinate/facilitate? It's important to offer something a bit different but which also has broad appeal. Maybe reinforcing the community message of family/friends/neighbours?

Item: Teddy Bears Picnic 2024 & Deal Walmer & Kingsdown Regatta - Carnival 2026

Date: 12th December 2023

Meeting: Events Meeting 30th January 2024

From: Lynne Simmons

A meeting was held with John and Rosie Trickey from the Deal Carnival Association at 62 The Strand on 12th December 23. Roland Aldred and Lynne Simmons were both present.

At the meeting John Trickey explained that he is keen to re-build ties with Walmer Town Council and highlighted he would welcome the return of Walmer Town Council's involvement in the annual Teddy Bears Picnic. A separate report on this was presented to the Full Council meeting which took place on 10th January 24.

At the Full Council meeting it was agreed that Walmer Town Council will support the Teddy Bear's picnic for 2024; the Chairman will open the meeting and present awards. It is very likely that we will also be asked for support with volunteers to man the stalls at the picnic which is taking place on Saturday 20th July 2024.

Separate to this John also shared the provisional dates for the Regatta which is being planned for 2026. In 2026, the Regatta will celebrate its 200th anniversary and is also the 30th anniversary of the Royal Marines leaving Deal. It will also tie in with the National Schools Association Sailing Regatta which is being hosted by The Downs Sailing club. Walmer Town Council has been asked to consider if we wish to run our own event within the overall special Regatta celebration which is planned to be two weeks in duration.

The date which John has asked us to consider as a possibility for a Walmer Town Council organised event is Sunday 2nd August 26. They have requested an airshow from the Red Arrows for this day, but aside from this have no other plans for this day on the green.

Members to decide if Walmer Town Council wish to organise an event to take place within the Regatta 200th anniversary celebration.

Item: New Activity Proposal: The Creation Station (from Baypoint)

Date: 23rd January 2024

Meeting: Events Committee Meeting Tuesday 30th January 2024

From: Lynne Simmons

The officer took away an action at a previous Events committee meeting to research alternative craft activity options (a Little Gulls replacement) for the Childrens Festival 2024.

After an online and facebook search for a local crafts provider, it appears that local options are very limited. The closest organisation offering craft type activities for children are part of a nationwide provider called The Creation Station and are based at Baypoint.

I have contacted the team and have asked them to provide some options (and prices) to come along to the Childrens Festival and run some craft type drop-in sessions for us. These options are listed below:

"I have drafted a couple of pricing structures dependent on budget and the activity you would prefer us to provide.

So the higher costing activity would be kite decorating, these are full sized kites (35cmx 40cm) the families would be able to decorate these and then fly them afterwards (this would take the longest). This would be £760 for 150 kites.

The other activity we would like to offer you is the kite keyrings, mini kite suncatchers and ceramic kite decoration making, in which the families could have a choice in what they would like to make, they would sit and make them with us and then take their creation home. This would be: £500 for 200 activities.

Alternatively, we could do one of the above options such as the keyring making and some kite themed colouring in sheets and colouring equipment. This would be: £410 for 200 activities.

Obviously we can increase the amount of activities dependent on your budget too. If you have any questions, please let me know."

I am impressed with the prompt responses from the lady I have been in discussions with and the enthusiasm she has shown towards our event. I have not yet entered into any detailed conversation with regards to equipment which may be needed for them to put on the activity sessions or how much space they may need on the day.

Please note that due to the additional budget agreed for this event in 2024 there is circa £1k left to spend in the budget.

Members to decide if they wish to engage The Creation Station for the event and which is the preferred option.

Item: Brocante 2024: Pitch Sizes and Layout Options

Date: 23rd January 2024

Meeting: Events Committee Meeting Tuesday 30th January 2024

From: Lynne Simmons

Walmer Green has now been measured and a copy of the spaces measured, along with the respective measurements, are attached to this report.

I have from this produced three options in terms of pitch sizes and layouts, for review to enable us to plan and sell pitches for this event in 2024.

Option 1 Keep same layout and pitch sizing as in 2023.

Option 2 Keep same width of pitches but almost double the depth of pitches.
This option will enable sellers to park a car and provide sufficient space for a small (3x3) gazebo etc. This is in response to feedback received in 2023.

The drawback to this option is that it reduces the number of pitches available on site overall.

Option 3 Reduce the width of pitches slightly and almost double the depth of pitches (from 2023 sizing).

The benefit to this approach is that it addresses the feedback raised in 2023 but keeps the overall number of pitches to a similar number as in 2023.

Points to note:

In both options 2 and 3 the emergency vehicle access / space between rows has been reduced to 4m (from 5.5m in 2023). There remains sufficient space for vehicular access with pedestrians taken into account, but this does mean that sellers will not be permitted to encroach into the adjoining aisles. This, however, should not be a problem given the revised depths of the pitches.

Consideration also needs to be given to the number of pitches sold. If we are to sell the maximum number of pitches, it is important to recognise there would be no space for flexibility/moving sellers around.

Members to decide which is their preferred option for 2024.
