

A photograph of a kestrel perched on a wooden post. The bird is shown in profile, facing left. It has reddish-brown plumage with dark brown spots and bars. Its wings are tucked, and its tail is visible. The background is a blurred green and blue, suggesting an outdoor setting.

Welcome to the July/August edition

Apologies for the late arrival of the printed edition. We've been on holiday and sadly, when we returned, Don and I had both contracted Covid. We've both been feeling very unwell.

The summer finally seems to be upon us and there are lots of events happening throughout the villages. We won't be back until September, so please keep sending articles and information that would be interesting for our readers.

Thank you to everyone who has contributed and many thanks to all our distributors.

Have a lovely summer!

Hello. I was reading with envy the Frustrated Gardener's blog as he described their millions of ladybirds. Our garden was riddled with a billion greenfly with nary a ladybird in sight but two days later there they were. Ladybirds of all kinds and a lorra lorra larvae. Excellent. I love it when a plan comes together.

However, my dahlias I grew from seed, nurtured, pricked out and potted on are literally being demolished by snails as I write. Some now are sad little sticks of nothing. Curses!

Here is a list, I read it somewhere so it must be true, of plants snails do not salivate over: hardy geranium, rose, fuchsia, penstemon, sedum, ferns, alchemilla mollis, hellebores, euphorbia, Japanese anemone, grasses, begonia, aquilegia. I would also add cosmos, nigella, pelargonium and lychnis. That sounds like a pretty garden so maybe I will stick to those.

One of my very favourite Summer flowers is Pelargonium L'Elegante, a cascading geranium with leaves just like variegated ivy and very simple flowers. And snails won't eat them! I think Monty Python sang "Always look on the bright side of life". Whoops. Maybe it was death...??

I won a castor oil plant in the last Garden Society raffle (thanks, Dinah). It was thriving and I potted it on. You know WHAT decided to feast on it. So I have plonked a few of my last remaining controversial banned slug pellets at its base. My bad. Don't tell Chris Packham.

I think I said already that the talk on July 25th is "The Scented Garden". 7:45 in the Village Hall. New members always welcome. With life's little ironies it will probably coincide with the day "The Farmer" (Children's book illustration of man with smock and a piece of grass between his teeth) decides to spray the fields with malodorous manure.

Enjoy this glorious time of year. Though each season has its own glory, doesn't it?

Note: all numbers are approximations. All characters are fictional. Except Chris Packham, Dinah and snails. Not sure if snails DO salivate.

Council Tax News

During term time, Glen Road and The Rise and The Avenue between 1st March and 31st October all suffer from a huge influx of uncoordinated traffic from outside the village all heading to or from a specific destination.

Until 2005, the International campsite was a scout camp when it was sold for £1.1million. The sale included Butterlease, the single storey bungalow with PP for use as indoor accommodation for the camp site. Butterlease has been extended into the roof space and refurbished for occupation by two of the owners. Now 260m² in size but rated Band E because of the traffic. Yet dwellings in The Avenue have received no band reduction for the same traffic.

The Valuation Office argue that an increase in traffic and associated pollution and noise nuisance is not a reason for reducing the band UNLESS the traffic is destined for a newly opened or enlarged venue, which description must include the International camp site and the Kingsdown Primary School

The school has expanded since April 1993 when 150 children from the parish were taught in 5 classes of 30 children. By 1998 the school had expanded to 190 children in 7 classes taught in a new building plus 2 mobile classrooms. The Parish Council reported their concerns at the additional traffic being generated by the numbers of children attending the school from outside the parish and the inherent dangers to all the children travelling to and from the school.

In 2000 the school joined the Deal learning Alliance, and the number of children from outside the parish quickly exceeded 50% of the entire school, causing the character of Glen Road to become a rat-run to and from the school.

In 2005 the passing place and pavements were constructed as a condition of the PP for 4 new build dormer bungalows in Glen Rd.

By 2012 there were 209 children on the roll of which only 84 were from the parish and 125 from Deal, Walmer and the surrounding villages, increasing the number of cars driving too and from the school twice a day during term time.

The physical locality of the area changed in 2006, 2009 and 2019 when extensions and new buildings were constructed at the school. The school travel plan of 2019 showed the percentage of the 125 children being driven to Kingsdown, parking the car at the school or in the roads nearby and walking to school. PLUS 26 teachers travel in to school by car.

The character of the school changed again on 1st January 2021 when the school became an academy school and full member of the Deal Education Alliance for Learning Trust" with 217 children on the roll, without the possibility of KCC improving the infrastructure to the school.

Residents of the Avenue, Glen Road and The Rise can make a proposal at any time for a band reduction based upon a belief that the changes in the physical locality caused by the expansion of the school or change in character of the camp site has caused the value of your homes to be reduced.

Best of Luck Sandra Upton.

In aid of Ovarian cancer

I decided to take on the challenge of walking Hadrian's Wall. My two friends, Charlie (in red) and Helen (in blue), very kindly offered to accompany me. Like Hadrian in planning his wall, the three of us took a long time in planning our walk. We faced many disruptions, not least was Covid.

On 14th May 2022 we eventually met at Bowness on Solway, a tiny village in northwest Cumbria and on the morning of the 15th we started the first leg of our journey. We carried all our luggage on our backs throughout the journey.

The wall is Britain's largest archaeological feature. Today you can only see around 10% of the original structure. During the walk we did a detour to Lanercost Priory. This beautiful and tranquil setting belies its troubled history. Standing close to Hadrian's Wall it suffered frequent attacks during the long Anglo-Scottish wars.

So how long is the wall? A Roman unit of distance was the 'Mille passum' which translates to a thousand paces. A Roman mile measured five thousand feet. This would have made the wall eight miles long; however in modern measurement the wall is 73 miles long.

On the 21st May we walked the final five miles to Wallsend where our journey ended. We had stayed in a variety of accommodation ranging from a very comfortable camping pod to a bunkhouse. It had taken us seven and a half days to achieve our goal. The adrenalin rush lasted several more days!

We then took the Metro to Newcastle train station where we parted as truly bonded friends. I hope my story inspires others to take on challenges.

By the way, this year commemorates the 1900 year's anniversary of Hadrian's Wall.

Save the Children - Emergency Fund

All over the world, children's lives are at risk as conflicts persist. We have all been shocked by the terrible scenes of war in Ukraine but across the world, millions more children are in desperate danger right now. From Afghanistan to Syria, and Yemen, children are battling to survive war, hunger and the climate crisis. In these countries, the Save the Children Emergency Fund enables the charity to provide healthcare, nutrition and warm clothes as well as cash for food and other essentials. Save the Children is working with local organisations to support schools and health clinics so children can learn, develop and stay healthy. Save the Children teams in Ukraine are responding where they can and will continue to do so as long as it is safe and possible to do so. It is delivering essentials to families who have fled the country as well as providing cash assistance and offering access to education and mental health support. It is also providing child protection services to ensure that children and families remain together and separated children are safely reunited with their care givers. To donate please visit <http://www.savethechildren.org.uk> Or telephone 020 7012 6400.

It is possible to donate to the Emergency Fund
at the collecting tin in Del's shop, High Street, Kingsdown.

SUTTON BY DOVER PARISH COUNCIL

<https://suttonbydoverparishcouncil.org.uk/>

Notes from the APM on Tuesday 31st May and the monthly meeting held on Tuesday 7th June 2022 in Sutton Community Centre

APM

The meeting had gone well. Cllr Calthorpe was thanked for the lovely refreshments.

Planning

The Council listened to representations from a local resident and discussed four planning application. Various DDC decisions were noted. The planning log is up and running on the website for parishioners to check local applications.

Annual Audit

The accounts had been circulated to all councillors prior to the meeting. They were approved by the Council and all documents signed ready to be displayed on the website and notice boards by the Clerk.

Queen's Jubilee Celebrations

The day had been an incredible success and the weather had held out for the event. 140 to 150 people has sat down for afternoon tea. A member of the events committee expressed thanks to DDC KCC and the Parish Council for their funding and to all the helpers for their hard work. The Parish Council thanked the organisers of the event, these included people from the community centre, the parish council, the Church, the general community and to Angie Calthorpe for the delicious catering

Allotments

Cllr Steger has been gathering information for the grant application. Allotment holders have been asked to supply quotes for any equipment they would like to see supplied through the funding.

A query arose as to who is responsible for the upkeep of the allotment site. It was agreed that although the site is rented from KCC the upkeep of boundaries is down to the Parish Council.

Acquisition of various equipment through the grant funding was discussed including insurance and health and safety issues that may arise. Cllr Steger offered to look into the funding being used to offer insurance cover. To be further discussed. Cllr Steger was thanked for her hard work and time spent on the project.

Thank you

Kate Little to be thanked for her time on the Council and for all her hard work at the allotment site to bring it up to date.

The next monthly meeting is Tuesday 5th July 2022 at 7.30pm The Church Hall, East Studdal

An enormous "Thank You" to the Sutton Parish Jubilee Committee for the splendid afternoon and evening they arranged on Friday 3rd June. Outdoor activities (including the ever popular coconut shy), competitions for table decoration, decorated planter, home made Crown, Jubilee cake, etc were entered into, followed by a marvellous afternoon tea for some 100 plus parishioners. The day was concluded with a "red, white and blue" Quiz night followed by music (and much talking). Thank you all very much!

FOR THE LOVE OF HORSES!

From left to right—Jeannie , Pat and Jan with their horses

As you drive down Glen Road towards Walmer you may have noticed the horses in the field on the right. The horses are Irish Cobs and they belong to Jan, Pat and Jeannie. They've kept horses since 1995 when first they met. They told me that it's a full time commitment and you need to attend to them every day, including Christmas day. It's a huge undertaking, but it is well worth the effort.

Horses require approximately an acre of land per horse. Apart from grass horses eat most vegetables and apples, they have hay in winter and also pellets which are given as a supplement – they also love mints and carrots as a treat. It's important that passers-by should not be tempted to feed the horses as it can be bad for their digestion and can cause jealousy between them.

Jack, Charlie and Lennie require regular exercise, weather permitting. They are shoeless horses which makes them very sure footed, even so they still need to see a Farrier every six to eight weeks to trim their hooves.

Jack (Brown) 15.3 hands high and is 16 year's old
Charlie (White) 15.1 and 16 year's old
Lennie (Mixed) 14.00 and 13 year's old

Joey is the horse on the right that has been rescued, he is five year's old. In the past he has been badly treated which has left him disabled. Some days he suffers more than others, but with the love and care that he receives now – his life is pretty good. He is very gentle and requires a lot of TLC needless to say he gets this in abundance.

I had never been close to a horse before, let alone groomed one. I was privileged to spend a morning with Jan and Pat. They showed me how to groom Joey and make a fuss of him. I must admit I was smitten!

Jan and Pat told me that since the high winds in winter a lot of the bridleways have been inaccessible. Freedown Woods, in particular, it is virtually impossible to take the horses through due to fallen trees. Unfortunately, exercising the horses on the roads can be difficult as a minority of motorists are not patient. Pat explained that they need to have a camera on their helmets because of abusive motorists. Fortunately, most people are considerate and understand that patience and a wide berth needs to be given when passing horses on the narrow lanes.

Jack, Charlie and Lennie enjoy paddling in the sea and they also enjoy being groomed.

Not to miss out on the limelight Nancy the dog decided to have a dip in the horses' water bath.

Jan and Pat would recommend anyone considering getting a horse to be in the know about horses. They also suggested sharing the responsibility with another person - that way you can at least take a holiday.

I asked them why horses, and collectively they replied,

“They give you so much back and they are good for the soul!”

Registered charity No. 213890 (England & Wales) and sc039570 (Scotland)

Ingredients

Summer Recipe Quick & Easy Paella

- 1 tbsp olive oil
- 2 chicken breasts fillets, cut into chunks
- 2 small onions, finely sliced
- 1 fat garlic clove, crushed
- 140g cooking chorizo, sliced
- 1 tsp turmeric
- pinch of saffron
- 1 tsp paprika
- 300g paella rice
- 850ml hot chicken or vegetable stock
- 200g frozen peas
- 1 lemon, cut into wedges, to serve
- ½ small bunch of parsley, finely chopped, to serve

Method

- Heat the olive oil in a deep frying pan over a high heat. Brown the chicken all over – don't cook completely. Once browned, transfer to a plate.
- Reduce the heat to low, add the onions and cook slowly until softened, about 10 mins. Add the garlic, stir for 1 min, then toss in the chorizo and fry until it releases its oils.
- Stir in the spices, then tip in the rice. Stir to coat the rice in the oils and spices for about 2 mins, then pour in the stock. Bring to the boil, return the chicken to the pan and simmer for about 20 mins, stirring occasionally.
- Add the peas to the pan and simmer for a further 5 mins until the rice is cooked and the chicken is tender. Season well and serve with the lemon and parsley.

Who are we?

Walmer Chapel is a Bible-believing, protestant church with members from a variety of backgrounds. We exist to give worship and honour to the sovereign God and his divine Son, Jesus Christ, and to share the message of salvation by which we ourselves found faith and forgiveness from sin.

Our regular meetings are as follows:

Sunday services are fully open but will still be **LIVE-STREAMED**....10.30am & 6.30pm.

For details of where to go online, please see inside.
