Following reports of an increase in speeding vehicles on Dover Road in Upper Walmer, Walmer Town Council requested Kent County Council conduct a speed survey on Dover Road.

Active from the 13-19 May the survey captured data from more than 110,000 cars over the week. The average speed recorded was 28.88mph with northbound traffic (heading to Deal) recording an average of 27.6mph and southbound recording an average of 30.1mph. Only 8.5% of vehicles were above the limit which is enforceable on a 30mph road and only 0.5% were travelling 15mph or more above the speed limit.

Having reviewed the data, Kent County Council have once again stated their position that at 20mph zone in this area would not be possible.

The full data from the speed survey is attached.

Full data can be seen on attached pages, Walmer town council would like to remind everyone that speed kills, please ensure you do not exceed speed limits.
