

**WALMER TOWN COUNCIL**

62 The Strand, Walmer, Deal, Kent CT14 7DP

Web site: [www.walmercouncil.co.uk](http://www.walmercouncil.co.uk) E-mail: [clerk@walmercouncil.co.uk](mailto:clerk@walmercouncil.co.uk)

Tel: 01304 362363

Dated this day 20<sup>th</sup> March 2025

To: Councillors: S Waite-Gleave (Chairing), R Blackwell, M Eddy, L Ludwig. P Findley

Non-Council Members: Mrs S Fisher

.....

You are hereby summoned to attend a meeting of the **Climate Emergency Working Group** to be held on **Thursday 27<sup>th</sup> March 2025** at 62 The Strand, Walmer, CT14 7DP at 7.00pm to transact the business set out below.

Copy to Roland Aldred, Clerk

.....

**AGENDA**

**1. APOLOGIES FOR ABSENCE**

**2. DECLARATIONS OF INTEREST**

To receive any declarations of interest from Members in respect of business to be transacted on the agenda.

Where a Member has a new or registered Disclosable Pecuniary Interest (DPI) in a matter under consideration, they must disclose that they have an interest and, unless the Monitoring Officer has agreed in advance that the DPI is a 'Sensitive Interest', explain the nature of that interest at the meeting. The Member must withdraw from the meeting at the commencement of the consideration of any matter in which they have declared a DPI and must not participate in any discussion of, or vote taken on, the matter unless they have been granted a dispensation permitting them to do so. If during the consideration of any item a Member becomes aware that they have a DPI in the matter, they should declare the interest immediately and, subject to any dispensations, withdraw from the meeting.

Where a Member is declaring an Other Significant Interest (OSI), they must also disclose the interest and explain the nature of the interest at the meeting. The Member must withdraw from the meeting at the commencement of the consideration of any matter in which they have declared an OSI and must not participate in any discussion of, or vote taken on, the matter unless they have been granted a dispensation to do so or the meeting is one at which members of the public are permitted to speak for the purpose of making representations, answering questions or giving evidence relating to the matter. In the latter case, the Member may only participate on the same basis as a member of the public and cannot participate in any discussion of, or vote taken on, the matter and must withdraw from the meeting in accordance with the Council's procedure rules.

**3. MINUTES OF THE PREVIOUS MEETING**

- To approve the minutes of the meeting held on 6<sup>th</sup> February 2025

Attach 1

4. **MATTERS ARISING FROM PREVIOUS MEETING**
- To Note: Update from admin regarding ongoing actions. Attach 2
  - To Note: Update on DDC Car Clubs/Sharing. Attach 3
5. **COMMENTS FROM THE PUBLIC**
6. **ONGOING PROJECTS**
- Climate and Ecology Action Plans**
- To consider contents of Climate and Ecology action plans for WTC. Attach 4
  - To consider video update on journey to net zero from DTC.
- Transport**
- **EV charging points.**
    - To note: Latest charge point usage figures. Attach 5
- Water Refill Stations**
- Application for funding for water refill stations.
- Thermal Camera**
- Update on energy saving advice and Thermal Imaging service. Attach 6
- Water Testing**
- To Note: Risk assessment for water collection for testing. Attach 7
7. **NEW PROJECTS**
- Update to Climate Emergency Statement for 2025. Attach 8
  - Request for items to take to DDC Climate and Nature Forum.
  - To note: Group energy provider switching link from DDC added to our website.
  - To note: List of green spaces for protection sent to DDC C&N Forum. Attach 9
8. **BUDGET**
- To note: Finalised Budget for 2025/2026. Attach 10
9. **POSSIBLE FUTURE AIMS AND INITIATIVES.**
10. **ANY OTHER QUESTIONS OR OBSERVATIONS.**
11. **DATE OF NEXT MEETING**  
29<sup>th</sup> May 2025 at 7pm.

**WALMER TOWN COUNCIL**

62 The Strand, Walmer, Deal, Kent CT14 7DP

Web site: [www.walmercouncil.co.uk](http://www.walmercouncil.co.uk) E-mail: [clerk@walmercouncil.co.uk](mailto:clerk@walmercouncil.co.uk)

Tel: 01304 362363

**Draft Minutes of the meeting of the Climate Emergency Working Group held on Thursday 6<sup>th</sup> February 2025 at 62 The Strand, Walmer, at 7.00 pm**

**Present:**

- Cllr S Waite-Gleave, (Chairing)**
- Cllr L Ludwig**
- Cllr P Findley**
- Cllr R Blackwell**
- Cllr M Eddy**

**Officers present:** **John Miles (Administration Officer)**

**1. APOLOGIES FOR ABSENCE**

- Mrs S Fisher

**2. DECLARATIONS OF INTEREST**

- Cllr Waite Gleave declared an OSI as a signatory of the bank account used by Walmer/Deal Healthy Environment Volunteers. This account is used by the Marke Wood Volunteer Gardeners whose biodiversity application is on the agenda.
- Cllr Findley declared an OSI as a member of WALDAS.

**3. MINUTES OF THE PREVIOUS MEETING**

- **Resolved:** That the minutes be taken as an accurate record.
  - Proposed by: Cllr Eddy
  - Seconded by: Cllr Findley

For 5                                  Against 0                                  Abstain 0

**4. MATTERS ARISING FROM PREVIOUS MEETING**

- **Noted:** Admin informed the working group of the status of matters outstanding.
  - Proposed by: Cllr Findley
  - Seconded by: Cllr Eddy

For 5                                  Against 0                                  Abstain 0
- Cllrs Findley and Waite Gleave to list of forward green spaces for protection in Walmer and suggest on improvement on Biodiversity Net Gain calculations by planning dept to DDC Climate and Nature Forum chair as requested.

- Cllr Waite Gleave and Admin to look into how local councils discourage watergoing vehicles close to the shoreline to ensure the safety of local human and wildlife population.

## 5. COMMENTS FROM THE PUBLIC

None

## 6. BIODIVERSITY GRANTS

Movement of Biodiversity Grant from Item 9 to Item 6

- **Resolved** – Movement agreed

- Proposed by: Cllr Blackwell
- Seconded by: Cllr Eddy

For 5                      Against 0                      Abstain 0

- Application from Marke Wood Volunteer Gardeners was considered. Representatives of the volunteer Gardeners attended the meeting to give a brief on their grant request.

- Cllr Waite Gleave left the room for this item.

- **Resolved:** CEWG agreed to the grant request by Marke Wood Gardeners

- Proposed by: Cllr Eddy
- Seconded by: Cllr Ludwig

For 4                      Against 0                      Abstain 0

- Cllr Waite Gleave returned to the room at this point.

- Application from Walmer and Deal Action For Swifts was considered

- **Resolved:** CEWG agreed to the grant request by Walmer and Deal Action For Swifts. Cllr Findley withdrew from group on this item.

- Proposed by: Cllr Ludwig
- Seconded by: Cllr Eddy

For 4                      Against 0                      Abstain 0

## 7. ONGOING PROJECTS

- **EV Charging points**

- Admin informed working group of payments of share from EV points via Kent County Council, this is a current total of £693.29.

- **Noted:** Proposed to Note.

- Proposed by: Cllr Waite-Gleave
- Seconded by: Cllr Blackwell

For 5                      Against 0                      Abstain 0

- A query was voiced regarding the suitability of the layby at the top of Court Road as part of an expansion of EV points in Walmer. This would include the use of EV point funds from Kent County Council.

- **Seawater Quality**

- Admin informed the working group of the information gathered about sea water testing kits and need to work with a provider laboratory who is UK Accreditation service recognised, e.g, Swimsafety. It was decided to continue with the project, due to the positive public feedback on WTC decision. Locations to test will be at Walmer Castle with the data to be sent to Environment Agency and published on the website.
- A request would be sent to A&E for an increase in budget to obtain the sample kits.
  - **Resolved:** To request a budget increase from A&E committee on 26<sup>th</sup> February and Full Council on 5<sup>th</sup> March for increase from £500 to £840 for purchase of accredited testing kits.
    - Proposed by: Cllr Eddy
    - Seconded by: Cllr Ludwig

For 5                      Against 0                      Abstain 0
- **Report From KALC Conference**  
**Noted:** Working Group received report regarding the KALC Climate Conference on 5<sup>th</sup> November 2024  
 Proposed by: Cllr Waite Gleave  
 Seconded by: Cllr Eddy  
 For 5                      Against 0                      Abstain 0
- **Report From DDC Climate and Nature Forum**  
**Noted:** Working Group received report regarding the DDC Climate and Nature Forum on 8<sup>th</sup> January 2025.  
 Proposed by: Cllr Eddy  
 Seconded by: Cllr Blackwell  
 For 5                      Against 0                      Abstain 0
- **SAVE OUR SEAS DEAL AND WALMER (SOSDAW)**
  - **Noted:** Working Group received report regarding the Save Our Seas Deal and Walmer Meeting on 3<sup>rd</sup> January 2025.  
 Proposed by: Cllr Waite Gleave  
 Seconded by: Cllr Eddy  
 For 5                      Against 0                      Abstain 0
- **CLEANER/CHEAPER TRANSPORT**
  - **Withdrawn**-Possibility of encouraging a car club set up in Walmer, decided better to send information gathered to climate change officer DDC.
  - **Resolved:** CEWG agree to promote local car sharing groups on WTC website.  
 Proposed by: Cllr Waite Gleave  
 Seconded by: Cllr Blackwell  
 For 5                      Against 0                      Abstain 0
- **NEW PROJECTS**

- **Resolved:** To create a climate and Ecology action plan for Walmer Town Council as suggested by NALC, drawing on resources such as the 2014 Environment of Walmer document and examples from other coastal towns of similar size.

Proposed by: Cllr Eddy

Seconded by: Cllr Ludwig

For 5

Against 0

Abstain 0

#### **8. POSSIBLE FUTURE AIMS AND INITIATIVES.**

- To continue discussion on Climate and Ecology Action Plan
- To take up 2023 discussion on installation of water refill stations whose purchase is already budgeted.

#### **9. ANY OTHER QUESTIONS OR OBSERVATIONS.**

- None

#### **10. DATE OF NEXT MEETING**

TBC at 19:00 at No 62 The Strand.

The meeting closed at 20:30

---

**Item: Climate Emergency Update Report**

**Date: 19<sup>th</sup> March 2025**

**Meeting: Climate Emergency Working Group**

**From: Admin Clerk**

1. The two biodiversity grants agreed on by CEWG were passed on to the full council in March and were approved.
2. Admin has contacted KCC regarding EV points at the top of Court Road, research is still ongoing.
3. The requested increase of the budget to £840 has been agreed and the water testing kits will be bought at the beginning of April. Sea water testing starting in April 2025, formalising process of collecting samples for accredited laboratory and risk assessment
4. Information about car sharing groups has been added to the WTC website and on social media.
5. An email about grants for water filling stations has been sent to WTC, Admin is currently collating the needed information for the application.

3/19/25, 7:25 AM

Mail - Cllr. Sarah Waite-Gleave - Outlook

**RE: Car clubs for new developments of over 70 dwellings in Walmer/Deal outside settlement boundary & Whitfield Urban Expansion & elsewhere**

---

**From** James Traynor <James.Traynor@DOVER.GOV.UK>  
**Date** Thu 2/13/2025 1:27 PM  
**To** Cllr. Sarah Waite-Gleave <cllrsarahwaite-gleave@walmercouncil.co.uk>  
**Cc** Info - Walmer Town Council <info@walmercouncil.co.uk>; Clerk - Walmer Town Council <clerk@walmercouncil.co.uk>

Good Afternoon Cllr Waite-Gleave,

I'm sorry to hear that there isn't capacity at WTC for a project like car shares, as you will know over 30% of our emissions in the District are in fact from ICE vehicles. Ideally we would look at over areas of the district to be included in this, from Dover, Deal and Walmer, Sandwich and Aylesham for locations of a car club.

We'll add it to the agenda for April and see where this may take us. In the meantime, if you could ask CEWG and colleagues at WTC cc'd what they may be able to support with if DDC/CaNF were able to move this forward I would be most grateful. Both suppliers require parking spaces, and this could link nicely with the resilience program I spoke of before where EVs power village hall in times of need/power outages etc.

Best Wishes,

James

**James Traynor**  
**Climate Change Officer**

**From:** Cllr. Sarah Waite-Gleave <cllrsarahwaite-gleave@walmercouncil.co.uk>  
**Sent:** 13 February 2025 13:03  
**To:** James Traynor <James.Traynor@DOVER.GOV.UK>  
**Cc:** Info - Walmer Town Council <info@walmercouncil.co.uk>  
**Subject:** Car clubs for new developments of over 70 dwellings in Walmer/Deal outside settlement boundary & Whitfield Urban Expansion & elsewhere

Hi James,

3/19/25, 7:25 AM

Mail - Cllr. Sarah Waite-Gleave - Outlook

I tried to get my CEWG colleagues to look at WTC cooperation with DealTC & DDC to lure a provider of car clubs to our over congested 30,000 Deal / Walmer CT14 area, at meeting last week. It was summarily dismissed, as being beyond WTC capacity. Colleagues agreed I might pass on to you DDC climate officer & to DDC CI & N Forum the information I'd gathered. (Attached 3 docs - my summary & copy email co-wheels & copy email enterprise) FYI Green Party team of me & Christine O and Liz Hayes and Tom Clothier pushed Portfolio holder Nigel Collor and officer Roger Walton to meet with us and Tony Bernard of Enterprise Car clubs in Jan 2018.

I would be in favour of demanding any developer of any new development on outskirts of Deal / Walmer being forced (S106 or CIL) to pay for substantial proportion 60% of first 3 yr subsidy of bringing in car club. Other developments within district could well benefit too.

Kind regards  
Sarah W-G

Participated KALC Climate Conference 5 Nov 2024 reported to full council, & neighbouring level 1 councils.		SWG (see report back to WTC)						

## CLIMATE & ECOLOGICAL EMERGENCY ACTION PLAN — COMPILED Spring 2025 part 3 Action May 2025- 2027

We recognise Natural Solutions to Climate Change include protecting and enhancing carbon-capturing, flood-absorbing, woodlands, grasslands, and wetlands; that community resilience to climate change includes the protection of food-growing land. Action Plan developed by the Council's Climate Emergency Working Group. Informed by Friends of the Earth guidance <https://policy.friendsoftheearth.uk/reports/20-actions-parish-and-town-councils-can-take-climate-and-nature-emergency> FelixstoweTC, SwanageTC & otherTCs

### Putting climate mitigation and resilience at the heart of decision making

Activity	Intended outcome	Led by	Next Steps	Resources required	Time Frame	Comments / contacts
Follow Kent Resilience Forum advice (July 2024) on developing new, comprehensive Local Resilience Plan due to expected extreme weather events & lessons learned during pandemic	To be better prepared to help (vulnerable in) community cope with outages, shortages, heatwaves, flooding, etc	Clerk / KALC rep SWG	KRF Template to be completed during and after DDC workshop for level 1 councils (due 26 March 2025 but postponed by DDC)	Officer time		<a href="https://www.kentprepared.org.uk/improving-community-resilience">https://www.kentprepared.org.uk/improving-community-resilience</a>
Liaise with KALC / NALC about LGReorganisation ; new EK Unitary Authority from 2027.	Find out what extra powers level 1 councils / WTC may have as result of Local Govt reorganisation					
Seek to put WTC reserves in non-fossil fuel savings account, preventing them becoming stranded assets.	Prudent protection of reserves; avoiding fueling climate crisis.					
Offer training to councillors / officers	Awareness among all members of council & officers					Info & Training sessions and information can be found at: <a href="https://www.kent.gov.uk/environment-waste-and-planning/climate-change">https://www.kent.gov.uk/environment-waste-and-planning/climate-change</a> <a href="https://www.carbonfootprint.com/carbonacademy_sbn.html">https://www.carbonfootprint.com/carbonacademy_sbn.html</a> <a href="https://www.cse.org.uk/resources">https://www.cse.org.uk/resources</a>

						<a href="https://carboncharter.org/events/carbon-literacy-training-3/">https://carboncharter.org/events/carbon-literacy-training-3/</a>
Continue to cut / halve use of paper ; encourage cllrs to use (reconditioned) IT tablets, etc. Use QR codes where suitable						Not sustainable to spend money buying new tablets for cllrs. Complete switch to QR codes would exclude some members of community.

### Buildings

Activity	Intended outcome	Led by	Next Steps	Resources required	Time Frame	Comments
Get Energy Performance Certificate done on 62 The Strand, publicly owned WTC premises	Find out energy performance of WTC premises, to guide cost effective energy saving plans.	Clerk / Cllr SWG	Using EPCs & DEC's as a benchmark consider work to make buildings more energy efficient; update EPCs if work carried out. Increase value of WTC public asset (Friends of the Earth recommend to EPC level C). DEC Display Energy Cert is more reliable. Investigate grants.	Approx. £60 to £80 for EPC	April to May 2025	
Compare current energy supplier with other suppliers sourced from renewables & low carbon generation.	Enable Council to switch to cost-effective 100% renewable (or at least low carbon) energy supplier					
Leaflet & offer with Thermal Imaging Camera service &	Continue to help residents improve energy efficiency of					

give aways	their homes.						
Seek partner to help us provide rainwater harvesting / butts to residents & community groups where suitable							

**Transport & support for active travel (walking & cycling)**

Activity	Intended outcome	Led by	Next Steps	Resources required	Time Frame	Comments
Liaise with A&E ctee on making Walking /cycling safer & 'irresistable'.						
Liaise with KCC to install more EV changing spaces for residents without drives						
Promote cycle hire from Walmer-based busi-ness(es) on our website		Officer	Put link on our website (like DealTC does) to <a href="https://www.hut55.co.uk/bikehire">https://www.hut55.co.uk/bikehire</a>			
Promote car-sharing platforms and community transport volunteers	Help residents who don't drive; and help residents drive less.		On our website. Make poster to put up on community notice boards.			
Support DDC actions to attract providers of car clubs to CT14	Help residents avoid being car owner but access car occasionally.					

Speak up for retention of Walmer ticket office & better cheaper train and bus services.			Liaise with DealTC (responsible for Ramsgate platform) to improve public toilets & enviro at Walmer stn			
Explore interest of DDC / DTC in road train to link Walmer residents/ visitors with Kingsdown and North Deal at weekends	Reduce use of private ICE car in very congested Walmer at weekends.		If DDC / DTC / KCC / new UA interested – then see how WTC can support within limits our resources.			

#### Land-Use (including beach & coast)

Activity	Intended outcome	Led by	Next Steps	Resources required	Time Frame	Comments
Support / publicise White Cliffs Countryside Partnership – restoring nature work on Foreshore	Encourage Native Species – reduce invasive species.	officer	Officer to publicise on our website & FB page	Officer time		
Take over management of Churchill Ave Green Space from DDC	Creation community orchard / community garden / biodiversity / peaceful green space for residents young & old	Clerk / Cllr SWG	Continue to liaise with DDC officer Nicola Fairhurst. Keep potential volunteers updated.	Land was offered by DDC at 3 yr lease peppercorn rent July 2023	Hope to have status of space confirmed by July 2025. To consult with volunteers, draft plan, Sept. Start work Nov 2025.	
Encourage edible decorative vegetable growing, & rainwater harvesting	To help with community resilience, if / when shortages occur					
Tree & hedge		Explore if KCC				

planting	offering more plants. DDC interested in short hedge (low-growing labour saving species) eastern edge of Marke Wood.				
Test seawater using services of accredited Laboratory	Provide raw data of findings to complement data obtained by regulator – evidence to push for less pollution of our coastal waters	Officer / clr SWG	Place order with laboratory	Officer time ; budgeted cost of tests to be done April, July, Sept Oct. (EA do weekly tests May to Sept at Deal pier).	Action 2025 Review at Jan 2026 meeting, if Swimfo App still shows local sea-bathing water quality as 'poor'.
Work to retain carbon-capturing trees, woodland & grasslands across the parish through planning cttee and WiB / Hawkshill cttee.					

### Reducing Waste / encouraging recycling

**Item:** Report For End of Thermal Camera Scheme 2024-2025  
**Date:** 18<sup>th</sup> March 2025  
**Meeting:** Climate Emergency Working Group  
**From:** Administration Officer

---

**End of Thermal Camera Scheme**

Since the beginning of the Thermal Camera scheme 194 residents made the request for an appointment, continuing in the months of December to March due to the cold weather. Appointments were clustered into specific areas of Upper, Middle and Lower Walmer, this allowed for multiple visits per night. During 2024-2025 twenty appointments were made with several unable to be followed up due to contact issues or outside of the Walmer area.

**Breakdown of requests per area**

Location	No of requests
Lower Walmer	2
Middle Walmer	4
Upper Walmer	14
Non-Walmer	1
Cancelled	0
Moved to Next Year	0
<b>Total Cancellations</b>	<b>2</b>

Occasionally these visits would take longer than expected, this would force subsequent appointments to a later time, but all bookings were honoured for the night requested. Due to timing issues for the owners of the building, some appointments were moved to a more suitable time and date.

**Breakdown of Insulation Types**

Types	Numbers
Loft/Cavity	2
Loft Only	4
Loft/Other	1
Unknown	2
Other	7
None	3

**Breakdown of Residences**

Types	Numbers
Detached	6
Terraced	5
Semi-Detached	9
Flat	0
Maisonette	0

**Coverage**

This year leaflets canvassed the area of Upper Walmer where it was believed that older residences would be suited for testing. As a result, the majority of appointments came from Upper Walmer along the areas that were leafleted.

**Conclusion**

With a much smaller leaflet drop this year and larger number the years before, the numbers requested during 2024-2025 were less than in previous years. This may be due to many having already had an appointment, not wishing to have one or not believing they have the funds to make changes to their residences.

**Walmer Town Council: Risk Assessment.**

Activity: Collecting seawater samples to send to an accredited laboratory for testing.

Risk Assessment Date: March 2025: to be reviewed twice yearly

Potential hazards	Severity of Risk (1 to 5 high)	Likelihood of Risk (1 to 5 high)	Who at risk	Steps taken to avoid risk; action by who; when	Action to take if incident happens
Fall walking on steep shingle bank	3	2	WTC employee Volunteer	Selection of beach area, suitable footwear. Take First Aid bag	Use first aid bag. Take employee to Deal Minor Injury Hub to seek medical advice.
Contamination from polluted seawater	2	3	WTC employee Volunteer	Protective clothing; gloves / boots;	Ditto
Cut / wound natural sharps or other (aka foreign objects)	2	3	WTC employee Volunteer	Protective clothing; gloves / boots;	Ditto

Note: To protect WTC from accusations that sampling incorrectly done if results of seawater testing do not please powerful organisations – It is recommended that a volunteer accompany officer and use phone to make video clip of collection of sample, guidelines from laboratory to be followed carefully.

Note : It will NEVER be appropriate for Walmer TC officers or Cllrs to say / publish anything about whether it is safe to swim from CT14 beaches.

The results that come back from the accredited laboratory to WTC must only ever be published as raw data

“Laboratory X tested a sample of seawater collected close to Walmer Castle on (date). They found the following: xxx parts per yyy of zzzz

The Environment Agency is the regulator, appointed by law. This is the local information they provide on their website.

## Climate Emergency-To be updated in 2025

### Why Climate Emergency?

Walmer Town Council declared a Climate Change Emergency at a Full Council Meeting in July 2019 and pledged to:

- Make Walmer Town Council carbon neutral by 2025.
- That in initially £750 be ringfenced from unallocated funds to achieve this.
- That the Amenity & Environment Committee take on the responsibility of creating by March 2020 a carbon audit and roadmap on how to achieve the objective.
- That the Amenity & Environment Committee assist in including environmental impact assessments in officer reports, highlighting in particular the impact on direct and indirect CO2 emissions.
- That the Amenity & Environment Committee seek the means to assist other organisations in the Town to reduce their direct and indirect CO2 emissions in conjunction with specialist advice from Dover District and Kent County Council officers.

### Carbon Audit completed by March 2020

Measures taken:-

- When the office electricity contract is up for renewal (Christmas 2021) the Town Council will switch electricity supplier to a company that generates 100% sustainable electricity, not just trades in it or has a mix.
- WPC to monitor energy use within its building by electricity monitor or smart meter.
- Office Paper Usage – all paper now recycled
- Single use plastic review and reduction
- Review of meat-free catering at Council events
- Ethical banking and investment review
- Explore possibilities of installation of solar PV panels on Walmer Town Council office
- Sustainable Transport policy: Councillor travel to meetings / events should focus on walking, cycling, public transport, car sharing or EV.

### Sustainability, Climate Change & Environmental Impact Assessment Training

Five Walmer Town Councillors and the Clerk attended a presentation in February 2020 designed to support the development of a Carbon Road Map.

[Sustainability and Climate Change... to support development of Carbon Road Maps](#)  
(a link to extracts of the presentation as prepared by Matthew Morris at our request)

### Climate Emergency Working Group

In June 2020 a specific Climate Emergency Working Group was setup to deal solely with Climate Emergency issues. The Climate Emergency Working Group consists of a minimum of three Councillors (currently six) plus invited environmental experts and representatives from the local community who are interested in tackling the climate emergency.

Aims of the Working Group are as follows: -

To assist Walmer Town Council in becoming a carbon-neutral organisation by 2025.

- To encourage use of electric vehicles - both private and public transport
- To encourage walking and cycling as an alternative to driving and for health benefits
- To encourage sustainable energy use and reduce consumption of energy overall
- To share information with residents on how to reduce their carbon footprint and save money.
- To encourage a reduction in use of plastics, maximise recycling and use materials efficiently overall
- To promote home and business energy efficiency

- To protect, conserve and enhance the natural environment and biodiversity
- To encourage zero carbon sustainable building projects and developments in Walmer and the wider district
- 

[Walmer Town Council Terms of Reference for the Climate Emergency Working Group](#)

### **Nature and Biodiversity Grant**

This year marks the beginning of a new Nature and Biodiversity Grant on behalf of Walmer Town Council. This new grant is available to those in Walmer who want to improve biodiversity, increase the resilience of our local natural environment or introduce carbon absorbing planting to help in the fight against climate change. Community groups such as schools, cadet groups, scouts, guides, church groups and any voluntary and young person's groups are welcome to apply for a grant.

A small grant can be used for any scheme that champions nature and helps to fight climate change, from tree planting to public gardens, local nature studies to building your own bird boxes. Those with short term ideas or long term schemes are all welcome to apply. With funds available now and throughout the summer, we hope the Nature and Biodiversity grant will give a helping hand to those wanting to make a difference for nature. Please contact Walmer Town Council offices for more details as well as an application form.

[Nature and Biodiversity Grant Application Form](#)

### **Current Initiatives**

#### **Cycling**

**New Cycle Parking** - Through Cycle Friendly Deal, in June 2020 Walmer benefitted from six new cycle stands providing 12 cycle parking spaces, installed for visitors and local people near the shops on The Strand.

The style of cycle stand chosen was carefully selected. The M-Hoop Cycle Stand promotes secure locking, helps keep bikes upright, enables a wider range of bicycle styles to be locked securely and the stands are coated to protect against the weather and avoid scratching frames. The Cycle Stands have been supplied by Kent-based Cyclepods and installed by a local Kent Highways contractor.

**Secure cycle parking at Walmer Station** - In depth discussions are taking place with Southeastern for Walmer Town Council to match fund installation of secure cycle parking at the station. Minimal current facilities must be drastically improved so commuters feel safe to use their bikes to go to the station, rather than driving and parking nearby.

**Working with Cycle Friendly Deal** - Adrian Oliver, Project Co-ordinator met councillors to report on the plans to improve cycling facilities in the area. Specific discussions took place around the much needed repairs to Cycle Route One, the marked cycle path along Walmer seafront, which Mr Oliver confirmed were the responsibility of KCC and were due to take place in this financial year.

#### **Electric Vehicle Charging in Walmer**

The Climate Emergency Working Group is in urgent communication with Dover District and Kent County Council to facilitate electric car charging points in car parks and on-street within Walmer, where current facilities are non-existent. Councillors have also been in discussion with English Heritage to install charging points at both Walmer and Deal castles.

#### **Electric Buses**

Walmer Town Council is committed to doing all it can to persuade local authorities that electric buses are needed in Walmer. Philip Lightowler, Head of Public Transport at Kent County Council attended a Climate Emergency meeting to discuss current and future plans for electric buses in the area. Mr Lightowler stressed the importance of partnership working and the strength of all local councils coming together with Stagecoach to increase the likelihood of such a scheme coming to fruition.

Walmer Town Council has written to Dover District Council and Stagecoach requesting that as diesel buses are taken out of service due to age, they are replaced with electric buses. It was also requested that section 106 monies (generated from local housing developments) are considered to assist in the funding of new electric buses and related infrastructure.

### **Recycling**

Installation of an initial two full recycling bins took place on Walmer Green in June 2020, in conjunction with Dover District Council.

### **Tree planting**

Through the Amenity and Environment Committee the Town Council has a long running tree planting project (A Greener Walmer) which has so far planted more than 50 trees along 9 streets including major planting along Dover Road and twin oaks to the original entrance of Walmer Castle. This will continue, as trees are vital to fight climate change. (One tree can remove 26 pounds of carbon dioxide from the atmosphere annually, the equivalent of 11,000 miles of car emissions).

Suggestions from residents of Walmer of new planting locations are welcomed.

### **Possible future aims and initiatives**

Local Environmental Resource Information worksheets - Briefing Sheets to be created for council surgeries and wider distribution – to give local residents guidance on sustainability and connect them to local sustainable businesses to help residents invest in environmental measures (eg home improvements) both to save money AND the environment.

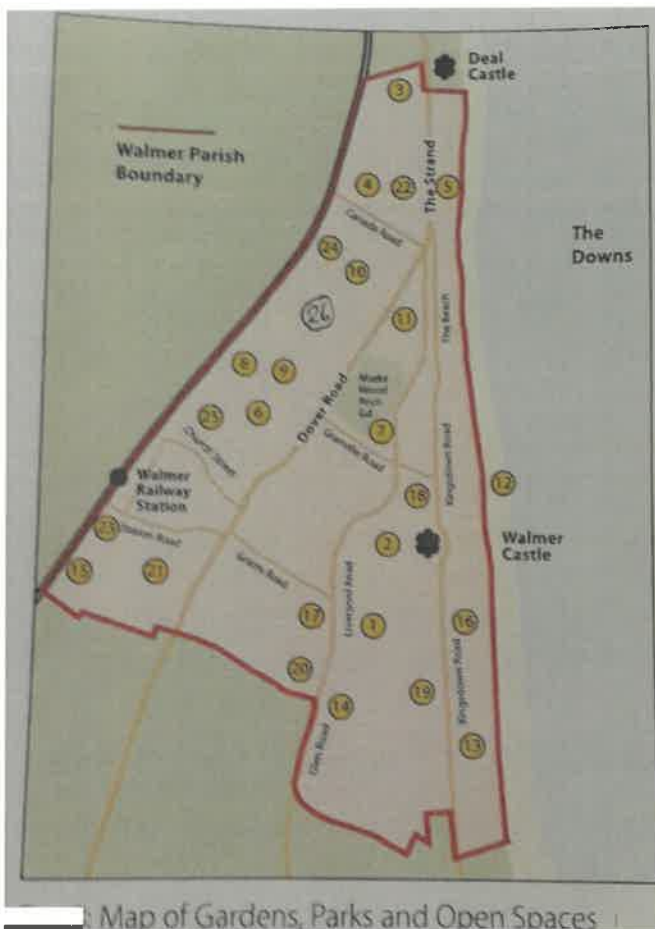

Protect, conserve and enhance local natural environment and biodiversity - We will work with Dover District Council to minimise cutting of Walmer grassed areas to maximise potential for pollinators and wild flora. We will work to ban use of glyphosate weedkiller and use only wildlife friendly foamstream instead.

- Green on Walmer Green - We will explore the possibilities of an Environment focused day of stalls and events on Walmer Green.
- Walking and Cycling days - We will work to promote and support car-free days, for example a Walk to Work Day and a Big Pedal Challenge for schools.
- Health and fitness - Explore low carbon, low impact health activities for all ages – eg adult outdoor gyms, young children's play areas and Multi Use Games Areas (MUGAs) for teenagers.
- Terracycle scheme - We will lobby Dover District Council to set up a Terracycle scheme for hard to recycle material. <https://www.terracycle.com/en-GB>

**List of Green spaces for protection in Walmer : for submission to DDC CI & N Forum : requested by same 16 Oct 2024**

We thank DDC for asking us to submit a list of sites to be protected (given the Climate and Ecological emergency now upon us in 2020s). We of Climate Emergency Working Group WTC are mindful of the KCC Making Space for Nature initiative being consulted on & rolled out in 2025. We are mindful of the 'Natural solutions to Climate Change in Kent' KCC report of March 2021. We see protection of Walmer's gardens, parks and open spaces as an intrinsic part of this work, and will continue to call on DDC to use best practice to protect biodiversity and carbon-capturing flora in our parish throughout our term of office. We will continue to encourage DDC to heed the science offered by Pesticide Action Network UK <https://www.pan-uk.org/information-for-local-authorities/>

It would also be sensible for DDC planning dept to base BNG (biodiversity net gain) on real site-specific baseline assessments of biodiversity, instead of on misleading desk-top exercises calculated on rough categories of land multiplied by number of hectares. There is mounting evidence that severe Biodiversity Net Loss is occurring on sites where BNG is being claimed all over Kent.

**Walmer sites identified 2014—2024**

1. Hawkshill Freedown
2. Walmer Castle Gardens
3. The Captains Garden
4. The Memorial Garden
5. Walmer Green
6. Walmer Peace Gdn / York & Albany
7. Marke Wood Recreation Ground
8. Downs School playing field & wildlife gdn.
9. Playing field Beacon school
10. Deal Parochial School playing field & wildlife gdn
11. Archery Square
12. Walmer Beach & foreshore
13. Kingsdown Rd Lichen heath
14. The Firs
15. Railway embankment
16. The Undercliffe
17. Rays bottom Wildlife corridor
18. Castle Meadow (liable flooding)
19. Hawkshill Down
20. Ray's bottom (arable)
21. Field now built over Millers Rd
22. Campbell Rd Allotments
23. exAllotments built over bungalows

Deleted from above list, 21 and 23, built over between 2014 and 2024.

Additional spaces to be protected include areas with trees, shrubs, grass or flower beds within the developments of Admiralty barracks, Cavalry barracks, North Barracks (Ardent Ave etc), the space opposite Walmer Chapel, Station Rd, and the churchyards of Blessed St Mary (with millennial yew) and St Mary's on St Clare's Rd. We also have a growing number of Tree Preservation Orders.

The gardens, parks and open spaces within Walmer includes its foreshore. The parish includes some rare habitats (notably chalk downland) and a range of species of flora and fauna, some rare.

We welcome all opportunities to work with DDC to protect and restore the natural world in Walmer .

At the Oct 2024 DAC-KALC meeting Cllr Waite-Gleave pointed out that rural PC's who have not been invited yet to DDC Climate & Nature Forum have responsibility for many of the district's woodlands, grasslands, wetlands and food growing fields which are carbon capturing, and which act as flood sponges, mitigating the extreme weather conditions that Kent Resilience Forum are concerned about. It was suggested therefore that it would be sensible of DDC to also ask rural PCs to list their green spaces and nominate them for protection in addition to asking town councils to do so, given that this is in line with the KCC report 'Natural Solutions to Climate Change in Kent' of March 2021.

DDC CI & N Forum to note : Cllr S Waite-Gleave attends quarterly meetings of Dover Area Committee of KALC – and she has mentioned to them that DDC Climate & Nature Forum exists and that they may wish to look out for minutes of Forum on the DDC website. The chair of DAC-KALC invited DDC climate officer to give a presentation to DAC-KALC ON 29 Jan 2025. The presentation happened and was well-received.
